Crane Training Schools Ontario

Crane Training Schools Ontario - Our various Mobile Crane Operation programs are meant for skilled operators who needs re-certification or certification, and for inexperienced people who are looking for their very first work as a crane operator. Business demand for certified crane operators is high all around the country. Crane operator positions are in demand because of their high pay. Crane operators are amongst the highest paid of whichever heavy equipment operator.

Our Crane Training Schools include instruction and training for various mobile cranes. Course content consists of Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Signaling, Load Charts and Rigging.

The program is best for crane operators, riggers as well as their supervisors. The materials incorporated in the course would consist of a manual and several informative handouts. The safety guidebook which is illustrated consists of 100 to 250 pages, which depends on the course, of helpful and important material. Course materials consist of load charts and load chart exercises for the crane with which the individual training is working.

Hands-On Safety Training will take up more than half of the course curriculum. The practical training section is the most effective method to improving and developing personal skill levels. Only licensed journeyman crane instructors are selected to teach the courses. Our instructors possess many years of industry experience.

For all the course we provide, we can include optional testing mechanisms to customize your training. A skills test is generally administered for programs that comprise H.O.S.T. Individuals training will be graded and tested.

Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Certification and Training; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Certification & Testing.
